Subject: Criteria for Stream allotment in Class XI - for the session 25-26.

Dear Parents/Guardians,

This is to inform you that the session is coming to the end of the current academic year, we are gearing up for an important phase in our students' academic journey – the selection of streams for Class XI. This decision is pivotal, and we aim to provide clear guidelines for the selection process.

The stream selection will be primarily based on your child's performance in the 1st and 2nd pre-board examinations. We believe that these assessments provide a fair representation of the student's academic capabilities. I want to share with you the specific criteria for selecting each stream:

For PCM (Physics, Chemistry, and Mathematics):

A minimum of 75% marks out of 80 marks in English, Mathematics and Science subjects in the 1st and 2nd pre-board examinations is required for opting for PCM, from the theory examination only.

For PCB (Physics, Chemistry, Biology)

A minimum of 75% marks out of 80 in English and Science and in 65% in Mathematics out of 80 marks subject in the 1st and 2nd pre-board examinations is required for opting for PCB, from the theory examination only.

For Commerce with Mathematics Stream:

A minimum of 75% marks out of 80 in Mathematics, English & Social Studies in the 1st and 2nd pre-board examinations is necessary to select the Commerce stream with Mathematics from the theory examination only.

For Commerce without Mathematics Stream:

A minimum of 60% marks in Mathematics & 70% in English & S. St. out of 80 marks in the 1st and 2nd pre-board examinations is necessary to select the Commerce stream without Mathematics only theory examination is required.

We understand that this is a significant decision, and we encourage you to discuss your child's aspirations and strengths with them. In addition to the academic criteria mentioned above, we will also consider teacher recommendations and conduct counseling sessions to assist students in making well-informed decisions.

We are committed to supporting every student in their chosen path and ensuring they receive the guidance needed for their academic success.

Wishing your child continued success and growth in their academic journey.

Best regards,

Dr. S. V. Sharma
Principal
