A meeting of the parents of Class II students was organised on 17 September 2026 with Principal Sir to discuss the role of parents in providing effective guidance and support to their wards. The session focused on strengthening the partnership between parents and the school for the overall academic, emotional and behavioural development of the students.

Principal Sir interacted with the parents and shared valuable guidance regarding regular study habits, discipline, time management, responsible use of digital devices, healthy routines and the importance of creating a positive learning environment at home. Parents were encouraged to maintain regular communication with teachers and actively support their children in their learning journey.

The School Almanac was also discussed in detail. Parents were guided about its proper use for keeping track of important school information, activities, instructions, homework, assessments and other academic requirements. The significance of checking the Almanac regularly and ensuring timely compliance with school instructions was emphasised.

The meeting concluded with an interactive discussion where parents shared their queries and suggestions. The session was informative and helped reinforce a strong school-parent partnership for the holistic development of the students.

Strong Parents. Confident Children. Brighter Tomorrow. ♥
